# ACTIVITY REPORT

# ADDRESS MESSAGE

---

To the children and adolescents, their families, the team, volunteers, donors, and the interested community:

It is an honor to present the CAI's annual report, "Un Nuevo Amanecer." This year has been a journey filled with lessons learned, challenges, and achievements that have allowed us to grow and strengthen our mission. Throughout these months, we have worked tirelessly to improve the quality of life of the 152 children and adolescents we served in 2024.

Thanks to the commitment and dedication of each and every one of you, we have managed to establish ourselves as a legal and transparent organization, expand our services, increase our volunteer base, and grow as a community. We have also faced challenges that have taught us the importance of resilience and collaboration.

This report not only reflects our activities and results, but is also a testament to the impact we have made together in the lives of many people. I am excited about what the future holds and am confident that, with your continued support, we will continue to make a difference.

Thank you for being part of this wonderful community. Together, we can achieve great things!

With gratitude,

**Luz Nahime Domínguez Cortés**

DIRECTOR
